Specification

Foldable water bottle, 700 ml. The foldable water bottle, with a capacity of 700 ml, is made of flexible and durable silicone, designed for convenient hydration during sports and outdoor activities. Its foldable structure allows the bottle to be compressed into a very small size when not in use, saving space in a backpack or bag. The stainless steel lid is suitable for laser engraving, while the aluminium carabiner allows easy attachment to equipment. The larger capacity combined with a compact design makes this model suitable for hiking, travel, walking, and promotional campaigns focused on outdoor activities. Key features: Material: silicone (bottle), stainless steel (lid), aluminium (carabiner) • Capacity: 700 ml • Functionality: foldable design • Metal carrying carabiner • Not suitable for dishwasher use • Not suitable for microwave use.
