Specification

French press coffee maker with a high-quality borosilicate glass container. The glass is heat resistant and does not alter the natural flavour of the coffee. The integral stainless steel plunger prevents the beans from falling out of the coffee maker while the coffee is served. The chrome frame and lid have a durable and attractive shiny finish whilst the PP matte black handle provides a comfortable grip which accentuates the quality of the design. The French press system is appreciated by coffee aficionados worldwide for its simplicity of preparation and purity of flavour. The Chambord coffee maker has a timeless design and is produced with the superior craftsmanship its devotees have come to expect. It has a capacity of up to 350 mL. Supplied in a gift box. Note: The goods are subject to a sanitary inspection, which is charged additionally.
