Specification

A backpack designed to meet the dimensions required by airlines, it allows you to travel with everything you need as hand luggage. Made from high-density 600D recycled polyester with a water-repellent coating and 210D recycled polyester lining. It has a large main compartment for clothes, a fully padded compartment for a laptop up to 14" and a front pocket. The backpack offers you greater comfort when travelling due to its padded top handle, its compression straps on the sides that allow you to adjust the size of the backpack to your volume and the mesh back with trolley strap. The front has a part for hanging an object, such as a bottle with a carabiner. Capacity up to 20 L. 250 x 400 x 200 mm
