Specification

Foldable water bottle, 500 ml. The foldable water bottle, with a capacity of 500 ml, is made of flexible yet durable silicone, allowing it to be easily compressed and stored when not in use. The stainless steel lid is suitable for laser engraving, while the aluminium carabiner enables convenient attachment to a backpack, bag, or outdoor equipment. Lightweight and practical, the bottle is suitable for everyday use, travel, and outdoor activities. Its functional and sporty design makes it an ideal promotional item for campaigns focused on nature, recreation, and active lifestyles. Key features: Material: silicone (bottle), stainless steel (lid), aluminium (carabiner) • Capacity: 500 ml • Functionality: foldable design • Metal carrying carabiner • Not suitable for dishwasher use • Not suitable for microwave use.
