Color: Blue

Specification

Safety gloves. SG BASIC are basic protective work gloves designed for light to moderate mechanical tasks where simple and reliable hand protection with good handling control is required. They represent an economical solution for everyday work activities across various working environments. The gloves are made of 100% polyester knit with a polyurethane coating on the palm and fingers. The PU coating provides basic abrasion resistance and good contact with work surfaces, while the knitted base ensures comfort and a flexible fit. They are suitable for warehouses, logistics, packaging, light assembly, service and auxiliary tasks, as well as all situations requiring standardized basic hand protection. Key features: Protective work gloves • 100% polyester • PU-coated palm and fingers • Basic abrasion resistance • Good grip and handling control • Suitable for light to moderate mechanical work • EN ISO 21420 • EN 388.
