Specification

Portable speaker made from recycled ABS (100% rABS), waterproof to IPX7, making it the ideal solution for outdoor use. With BT v5'0 wireless transmission, it has a micro SD card reader, USB-A input and 3'5mm auxiliary input. With 10W of sound power and a battery capacity of 1.200 mAh, it has an autonomy of approximately 9 hours. Thanks to the built-in microphone, you can answer calls and control the volume and playlist of your mobile device. The grille can be fully customised. Includes a USB-C charging cable. Supplied in a kraft paper gift box. If no personalisation is chosen, the grille will be supplied loose inside the gift box. Once attached to the speaker, the grille cannot be removed again. $170 \times 75 \times 50 \text{ mm}$
