Description

Women's polo shirt, 180 g/m2. The GO GREEN LADY polo shirt is a women's model designed for everyday wear, corporate uniforms, and promotional campaigns, with a strong focus on sustainability and responsible material sourcing. It is part of the GO GREEN line, created for brands and individuals who wish to express environmental awareness through their apparel. The polo is made from a carefully selected fabric blend combining recycled polyester (65%) and BCI cotton (35%), 180 g/m2, reducing environmental impact while maintaining comfort and functionality. It is side-seamed and lightly fitted to provide a flattering women's silhouette. Double stitching at the hem, ribbed sleeve cuffs, and a classic polo collar with two tone-on-tone buttons and a spare button ensure a clean and professional appearance. Reinforced neck tape and additional shoulder stitching enhance shape retention. The fabric is easy to maintain with minimal wrinkling, and sublimation printing is possible on lighter colors. The main label is tear-off, allowing easy customization and branding. The model is also available in a men's version.
