Netto price: 550.80 RSD

Description

Polo shirt, 180 g/m2. The GO GREEN polo shirt is developed with a strong focus on sustainability and reduced environmental impact. It is designed for companies, brands, and teams that want to express environmental responsibility through their apparel choices. Made from carefully selected materials that combine recycled and more sustainable fibers, it offers everyday comfort and functionality. With a fabric weight of 180 g/m2, the polo provides a balanced combination of durability and comfort. The shirt is side-seamed and finished with double stitching at the hem and ribbed sleeve cuffs for a clean and stable appearance. It features two tone-on-tone buttons and includes a spare button. Reinforced neck tape and additional shoulder stitching help maintain shape during wear and washing. Thanks to its fabric composition, the material wrinkles minimally and is easy to care for. The main label is tear-off, allowing easy customization and branding. Sublimation printing is possible on lighter colors. The model is also available in a women's version. Key features: Short-sleeve polo shirt • Composition: 65% recycled polyester, 35% BCI cotton • Fabric weight: 180 g/m2 • Classic fit • Side-seamed construction • Double stitching • Ribbed sleeve cuffs • Two tone-on-tone buttons • Spare button included • Reinforced neckline tape • Shoulder reinforcement • Minimal wrinkling • Easy care • Suitable for sustainable branding • Sublimation possible on light colors • Tear-off label • Available in women's version • GOTS.
